Moderator's Speech

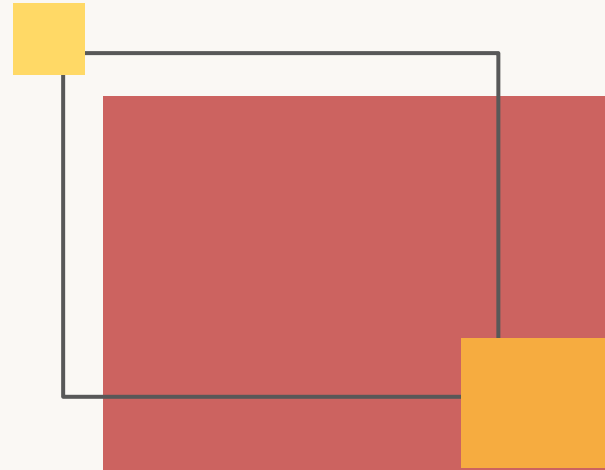

Language is one of the most important medium of communication. In this era of globalization, English language has become very essential for communication. To reach people of different countries we must learn English and other languages beside our mother language. Considering this fact we have started our language club I SAGC in 2009. Our aim is to help the students become fluent in both Bangla and English language. In our club through different kind of activities we teach them to become fluent in English and Bangla languages beside our mother language. Activities like Speaking, writing and listening help them to improve their skill. We have panel members of students who helps us to run the club and also to arrange language fest once in a year. With the cooperation of both the guiding teachers and students we hope to reach our destination in future.

HISTORY

Language is the primary source of communication. Most human beings are born with the physical ability to talk, however we have to learn to speak well and communicate effectively. Our club started its official journey in 2019. We arranged an Intra Language Fest on the occasion of International Mother Language Day. The events on the fest were Extempore Speech, Wall Magazine and Recitation. A lot of enthusiastic students participated in the events. The fest was a success. The members of our club also participated in various languages fests in different schools and colleges and did very well in all the sectors. CONCLUSION

LANGUAGE IS A SYSTEM OF EVOLVING ONE ANOTHER. BASICALLY, IT FILLED OUR NEEDS TO COVEY OUR THOUGHTS TOWARDS THE OPPOSITE PERSON IN DIFFERENT WAYS.

LANGUAGE IS ONE OF A KIND MEDIUM THAT WE CAN EXPRESS OURSELVES FULLY.

NOW, IT'S ABOUT MAGAZINE'S LANGUAGE. EDUCATIONAL INSTITUTION MAGAZINES SHOULD BE FORMAL AND UNDERSTANDABLE. IT COMES THROUGH PUBLICATIONS, ARTICLES, ENTERTAINMENTS AND SO ON. AT THE END, I WOULD LIKE TO SAY LANGUAGE IS OUR PRIDE AND WE WILL ALWAYS TRY TO KEEP IT SAFE AND SECURE.

THANK YOU!
