First and foremost, I would like to express my gratitude, praise and thanks to the almighty Allah (SWT.). Then, I am extremely grateful to the honorable Chairman, governing body, Principal, Vice Principal and other members of the governing body for establishing such an august and essential club in 2018. The message of success and prosperity in this life, as well as the eternal salvation in life hereafter are intrinsic in these activities.

The main source of accurate and quality education is the knowledge of revelation i.e., teaching of Al-Quran. Since Al-Quran is the certificate of liberation of world humanity, its practice, recitation, interpretation and analysis are of immense importance. If the students can be brought up in the shadow of this great book, they will be civilized, sophisticated, charismatic as well as worthy citizens. That is the ultimate goal of all our pursuits in life.

I wish success to this excellent initiative. I would like to give thanks to its great initiators again. Hopefully we will be able to do our duty properly – In sha Allah.

All praises are due to Allah. The Quran Recitation Club is one of the clubs of this institution. The activities of this club are being conducted nicely and successfully. The students participating in this club are gaining the ability to recite the Quran in a pure and beautiful tone. As a Muslim, it is a must to learn the recitation of the Qur'an. Regarding the importance of reciting the Qur'an, Allah the Almighty said, "Recite the Qur'an slowly and clearly." (Surat al-Muzzammil, verse: 04) The Prophet (peace and blessings of Allah be upon him) said in this regard, (Bayhaqi). In addition, in many places in the Qur'an and Hadith, the importance of learning and teaching the Qur'an has been emphasized. Realizing this, the institution authority started this club. The students of the institution are benefiting a lot from this.
